JUNE 20, 1991

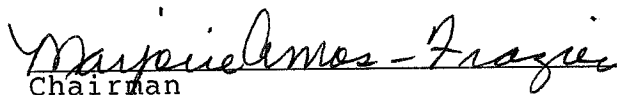

IN RE: Request of Carolina Power and Light        ) ORDER  
Company for Enhancements to its                 ) APPROVING  
Residential Energy Efficiency Program.        ) REQUEST

This matter is before the Public Service Commission of South Carolina (the Commission) on the Petition of Carolina Power & Light Company (CP&L) for approval of two additional enhancements to its Residential Energy Efficiency Program. CP&L seeks to revise its Quality Heat Pump Dealer Program to permit the use of credit points for cooperative advertising jointly funded by CP&L and Quality Heat Pump Dealers. CP&L seeks to revise its Homeowner Energy Loan Program (HELP) to increase the maximum available loan amount for heat pumps from \$5,000 to \$6,000. According to CP&L, these program enhancements offer significant and immediate benefits to their residential customers. CP&L requests the Commission approve this request on or before June 18, 1991.

After a full consideration of CP&L's proposed enhancements, the Commission concludes that the enhancements to CP&L's Residential Energy Efficiency Program should be approved for implementation on June 18, 1991.

IT IS SO ORDERED.
